KYLE BUTLER

FRONT-END ENGINEER

PROFILE

I am a front-end web developer who specializes in using JavaScript, Liquid, CSS, and HTML to build intuitive and beautiful ecommerce websites integrated with Shopify and Contentful.

2019

SPIEGEL DESIGN GROUP

Front-End Engineer

Directly contributed to the launch of new websites for high-profile clients such as Peet's Coffee, SKIMS (Kim Kardashian), Jeffree Star, Rare Beauty (Selena Gomez), EO Products, Alex & Ani, and more. Also provided ongoing support for many of SDG's sites including SEO, ADA, bug fixes, and new feature requests.

2018

EZ-AD TV

Full-Stack Web Developer

Responsible for support and development of entire administrative website.

2016

NEWHALL REFINERY

Restaurant Bartender & Server

2009

CALIFORNIA PIZZA KITCHEN

Restaurant Server
